Sub: Use of National Single Window System (NSWS) Portal (URL: <https://www.nsws.gov.in/>) for submission of application for approval of license-Reg.

Sir / Madam,

Ministry of Commerce and Industry, Department for Promotion of Industry and Internal Trade have developed a National Single Window System (NSWS); a digital platform for guidance of investors to identify and to apply for approvals as per their business requirements. This portal can be accessed through URL: <https://www.nsws.gov.in/>

The National Single Window System provides information across 32 Central Departments and 15 States and currently, the portal hosts applications for approvals from 19 Central Departments and 14 State Governments. The platform is built to serve as a single window platform for identifying approvals based on user input and further guidance for submission of applications by investors.

As you are aware, PESO has launched online paperless application submission and approval process for all the approvals / licenses issued under the various Rules administered by PESO. As a step ahead, PESO and National Informatics Centre (NIC), Nagpur has integrated the application modules with National Single Window System (NSWS) Portal. In this regard a training session is proposed to be conducted on 18/05/2022 through video conference. Detailed link for the meeting is enclosed herewith as Annexure.

Through this letter we hereby appeal to all the stakeholders to use NSWS portal extensively and essentially submit all their PESO applications for approval, hence forth through NSWS portal only. It is also requested to circulate the letter among your members and request them to attend the meeting in large number.

Yours faithfully,

(P. Kumar)

Chief Controller of Explosives
