**Sub: Launching of Auto-Renewal of FORM G Licence under Gas Cylinders Rules 2004 facilities - Reg.**

Dear Sir(s),

Petroleum and Explosives Safety Organisation (PESO) has launched Auto-Renewal of licences in Form G (Licence to dispense compressed natural gas in a CNG dispensing station as automotive fuel) under Gas Cylinders Rules, 2004 with effect from 21<sup>st</sup> September 2016.

To avail this facility of Auto-Renewal, it is essential for the licensee to register through the “**Apply Online**” link of PESO’s website <http://peso.gov.in> and create a profile with user-id and password. The licensee can add all his licences in this profile (portfolio) and make use of e-Payment of fees and auto-renewal facilities. In case, the licensee had earlier created a profile/portfolio in the PESO’s Online licensing System, no need to create new profile. For any technical support in this regard may mail at [support.ol@explosives.gov.in](mailto:support.ol@explosives.gov.in)

In this matter the following guidelines may please be noted:

- 1) With the ‘Auto-Renewal’ feature available in licensee’s profile, the licensees will be able to renew their licence in **FORM G Licence under Gas Cylinders Rules 2004** instantly after payment of renewal fees through e-payment. The ‘*Operational guideline for Auto-Renewal*’ is also made available on the login-page for the licensees.
- 2) The auto-renewal of above mentioned licences is totally a paperless process and will save precious time, stationery/postage of the stakeholders and PESO as well.

- 3) Auto-renewal of the aforesaid licences can be made 6 months prior to the date of expiry of the licence.
- 4) On auto-renewal, licensee will take print out of the system generated renewal letter advising him to keep that letter attached with his original / latest amended licence issued by PESO. Since the said letter is system generated letter it does not require signature.
- 5) The validity of the licence renewed under auto-renewal process and authenticity of system generated renewal letter can be verified by entering the licence docket on the public domain link available on PESO's website at <http://peso.gov.in>.
- 6) The renewal of aforesaid licence through auto-renewal process is optional for the licensees.
- 7) The system will not allow auto-renewal of such Licence against which show cause notice has already been issued by PESO due to serious violations of Acts/Rules or during suspension period of licence or expired licence. However, in such cases the licensee will be able to apply for renewal through the existing e-filing system on PESO's Online Licencing System and will be allowed to pay licence fees electronically through payment gateway.
- 8) E-Payment facility (payment-gateway) for all applications in e-filing under Petroleum Rule 2002, Gas Cylinders Rules 2004 and Calcium Carbide Rules 1987 has already been launched and is in operation since 12<sup>th</sup> July 2016.

You are requested to give wide publicity among your concerned officers for availing the benefit of the new e-Payment and Auto-Renewal facilities launched by PESO.

Yours faithfully,

**(Dr. S. Kamal)**

Chief Controller of Explosives

**Copy to:** All Circle/Sub-Circle offices, DTS and FRDC of PESO.

All heads of the offices of PESO are advised:

1. To give wide publicity on Auto-Renewal of FORM G Licence under Gas Cylinders Rules 2004 facilities launched by PESO in their respective jurisdictions.
2. To ensure that the Compliance Report against the show cause notices received from the licensees are processed by their officers online and closed if found satisfactory, to enable them to avail the said auto renewal facilities.

Chief Controller of Explosives
