Dear Sir,

It is indeed a pleasure to see the new website of PESO at <http://peso.gov.in/index.aspx>

The old site was also very informative and had raised expectations from PESO.

The new site lives up to all expectations and has come out very well.

Aspects such as CCE's calendar & virtual tour of Nagpur office are commendable.

The entire list of officers located all over the country is also available along with their contact details and their photographs.

The entire website is an example of proactive disclosure of all relevant information by the organization without anyone having to ask for it.

This website can serve as a template or model for various government organizations to review the contents on their websites.

I take this opportunity to congratulate you and your team of officers at PESO who have developed a fantastic website. I also wish to congratulate the NIC team which can be proud of this professional achievement which is visually appealing and well designed.

With Warm Regards,
