Dear Sh Shambu Prasad

1. Please accept my sincere thanks for having taken time off your busy schedule to enlighten the gathering with a thought provoking paper during NAVARMS 07. The thoughts expressed by you, brought to fore the issues in a manner so succinct, which I am convinced, could have been done by no person other than you.
2. As you are aware, NAVARMS 07 was a maiden attempt at bringing the private players into the arena of domestic armament production and from what I gather, towards this, we certainly have, made a difference. I earnestly hope that your association with this 'cause' will continue and that we would be privileged to have your patronage in times ahead, as well. It would go a long way in realizing our aim of "Self Reliance through Indigenization".
- 3 Thank you ever so much for your wholehearted participation

With Warm regards

Yours OGP

Shri Shambu Prasad
