*All Licensees under Petroleum Rules, 2002 and Gas Cylinders Rules, 2004.*

**Sub: Launching of e-Payment and Auto-Renewal of licences under Petroleum Rules, 2002 and Gas Cylinders Rules, 2004 facilities - Reg.**

Dear Sir(s),

Petroleum and Explosives Safety Organisation (PESO) has launched the following facilities on 12<sup>th</sup> July 2016:

1) **e-Payment Facility (payment-gateway):**

e-Payment facility (payment-gateway) for all applications in e-filing under Petroleum Rule 2002, Gas Cylinders Rules, 2004 and Calcium Carbide Rules, 1987.

2) **Auto-Renewal:**

Auto-Renewal of licences in Form XI (Petroleum Road Tankers) and Form XIV (Petrol Pumps) under Petroleum Rules 2002, Form F and Form E & F (Filling and Storage of Compressed Gas in Cylinders) under Gas Cylinders Rules, 2004.

To avail these facilities of e-Payment and Auto-Renewal, it is essential for the licensee to register through the “**Apply Online**” link of PESO’s website <http://peso.gov.in> and create a profile with user-id and password. The licensee can add all his licenses in this profile (portfolio) and make use of e-Payment of fees and auto-renewal facilities as mentioned above. In case, the licensee had earlier created a profile/portfolio in the PESO’s Online licensing System, no need to create new profile. For any technical support in this regard may mail at [support.ol@explosives.gov.in](mailto:support.ol@explosives.gov.in)

In this matter the following guidelines may please be noted:

- 1) With the 'Auto-Renewal' feature available in licensee's profile, the licensees will be able to renew their licenses mentioned above instantly after payment of renewal fees through e-payment. The '*Operational guideline for Auto-Renewal*' is also made available on the login-page for the licensees.
- 2) The auto-renewal of above mentioned licences is totally a paperless process and will save precious time, stationery/postage of the stakeholders and PESO as well.
- 3) Auto-renewal of the aforesaid licences can be made 6 months prior to the date of expiry of the license.
- 4) On auto-renewal, licensee will take print out of the system generated renewal letter advising him to keep that letter attached with his original / latest amended licence issued by PESO. Since the said letter is system generated letter it does not require a signature.
- 5) The validity of the licence renewed under auto-renewal process and authenticity of system generated renewal letter can be verified by entering the license docket on the public domain link available on PESO's website at <http://peso.gov.in>.
- 6) The renewal of above mentioned licences through auto-renewal process is optional for the licensees.
- 7) The system will not allow auto-renewal of such Licences against which show cause notices have already been issued by PESO due to serious violations of Acts/Rules or during suspension period of licence or license expired. However, in such cases the licensee will be able to apply for renewal through the existing e-filing system on PESO's Online Licensing System and will be allowed to pay licence fees electronically through payment gateway.

Yours faithfully,

**(Dr. S. Kamal)**  
Chief Controller of Explosives
